

Moments of Glory

100 % Result in the IBDP Grade 12th Exams

The most powerful way to create a culture of excellence is through live modelling and we are proud to talk about the performance of our DP (Batch 2016-18) students, who have scored above the world average in the IB DP Examination May, 2018. Zubiya Siddiqui and Hafsa Khan scored 40, Afiya Khalil scored 38, Amna Yaqoob scored 35, Sara Syed scored 33, Fatima Shahid, Saleha Ansari, Taib Syed Khalid and Umair Ansari scored 32 against the world average of 30 out of 45 points. We are also proud to state that all students got the Diploma and finished with good scores, setting high standards for other students of the school.

In this period of celebration, we ensure that we continue with an excellent system of education and a lifelong love for learning.

We congratulate all our young EPsites on their grand success.

Dr. Shehla Ali
DP Coordinator

70% of EPS Students scored above the World Average of 30 out of 45 points.

Score - 32/45

Taib Syed Khalid
Score - 32/45

Umair Ansari
Score - 32/45

165,000 students from 196 countries appeared in this prestigious exam..

EARLY Party YEARS

Early Years Sensory Play Day

Friday, 13th July, 2018.

Research in early childhood development has proven enormous benefits of sensory play for cognitive growth of young children.

EY Sensory Play Day is usually one of the messiest but loveliest day for all kids.

All activities are planned to stimulate young children's senses; of touch, smell, taste, sight and hearing as well coordination of different sense organs for movement and balance.

Besides the great learning experiences in fine and gross motor skills the sensory play essentially supports language development and social interaction.

And what better opportunities can we give to our kids, than the freedom to be just themselves—kids.

EY Coordinator

HAJJ EVENT 2018

With all grandness and fervor, the Hajj Event in Eastern Public School on 22nd July 2018, would have definitely etched on the memory of every one who witnessed it.

Only high spirits to please Allah (swt) and Taqwa would have done it in such sublimity, Alhumdulillah!

The day started with enthusiastic students, equally spirited teachers and ambivalent weather.

The models and marks showing Kaaba, Muzdalifah, Mina etc stood proud and tall in the green lawn of the school. The event was planned and executed by our Senior Students, supported and guided by their teachers. Each one of them was assigned a duty: from ushering the guests to guiding them towards each station, all was remarkably managed by them. The stage performance by few students was the first to begin with:

Recitation of Surah Mulk followed by Ayahs from Quran related to

Hajj and a beautiful nasheed. Each performance was extremely impressive.

The demonstration of the process of Hajj was the next performance in line, which was done in perfection and coordination leaving the audience spellbound.

After motivational speeches by Shaykh Dr. Iqbal Masood Sahab , Shehr Qazi Mushtaq Sahab and our Director Mr. Umar Jaffar the visitors moved to different interesting joints namely: Hajj Stations packed with all information, FAQs related to the pillars of Hajj; Virtual Reality zones with virtual tours of places of Hajj, physical games on the process of Hajj (based on Design thinking)and Meqaat related information presented in the form of displays (based on “best out of waste”), and games (based on “Makers' integration”) and then delicious food stalls .

The Hujjaj also attended a know how session with Shaykh Dr. Iqbal

Masood Nadwi Sahab (from Canada) where their queries and doubts were addressed, after which lunch was served to them. The event was packed with multitudes for everyone, be it parents, hujjaj, students or outsiders.

The teachers were amazed to see the organizing skills of their students and the parents stood proud with them.

Far from the world, Close to your Lord!

It's time to strengthen the Chord Sacrifice, Surrender, Peace & Devotion

Confession, Submission & Invocation

Here I Come O my Lord
Here I Come!!!

Amidst this sublime atmosphere, every heart must have said Labbaik! : waiting for their turns in shaaAllah, May Alalh (swt) accept our efforts for lighting this spark.

Aameen.

JAM

Just a Minute

Sadiya Shakeel
MYP Educator

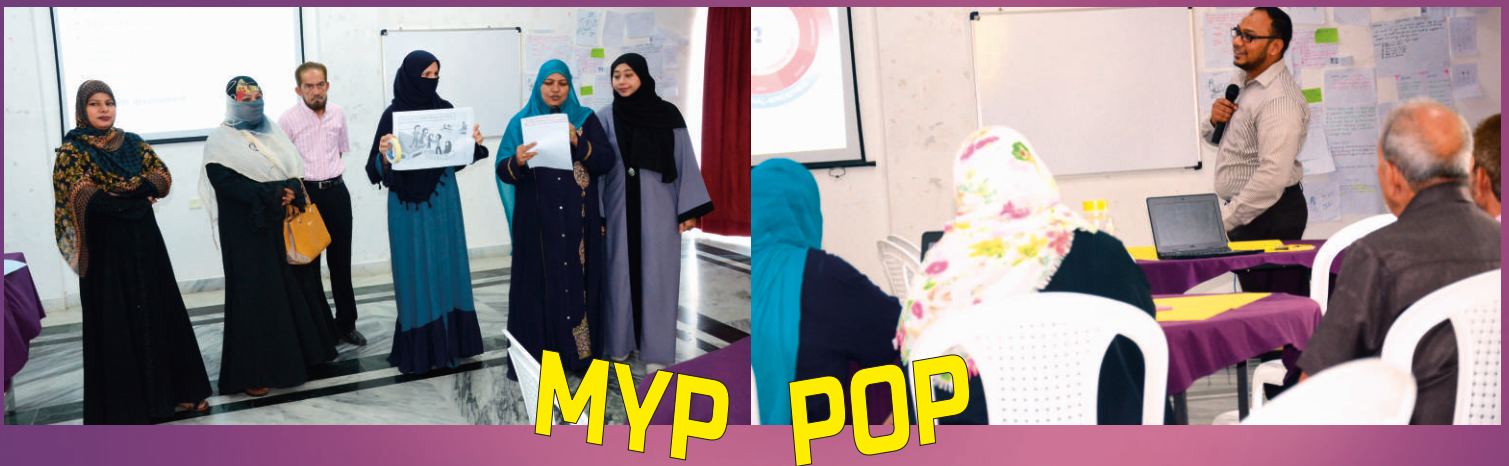

“A minute of thought is greater than an hour of talk”. - John C Maxwell”

The JAM or “Just-A-minute” assemblies were organized by the English and I&S departments on 11th and 25th of July respectively. It was exciting to watch the students give

impromptu speeches on various thought-provoking topics like “My favourite Author”, “Importance of newspaper reading” “Marvellous Amazon”, “Blood Moon” etc.

Just-A-Minute (or JAM) is a fun event that is all about the control of the mind over the mouth. Non-stop talking for sixty seconds without hesitation, repetition, or deviation; calls for in-depth knowledge, confidence and excellent communication skills. The English JAM competition was won by Umrah Asad of grade 8A. Tazeen Sheikh of grade 9A bagged the second position while Sadaf Hameed and Abdullah Ibn Umar of grade 8 A and B respectively stood third. The Individuals and Societies JAM session's winner was Alisha Aftab of grade 7, while the second and third position was gained by Afifa Mastura Rab of grade 6 and Juweriya Faisal of Grade 7 respectively. We congratulate all the participants for displaying their knowledge and communication skills with great confidence and plausibility.

A Parents' Orientation Programme was organized for the parents and guardians of the new students to introduce them to EPS mission and its MYP and IGCSE programme. Important information on the IB and IGCSE framework, curriculum, assessment, reporting, etc. was provided to the parents, to empower them to become active and informed stakeholders in the school's mission. The last segment of the session was devoted for clearing further queries and doubts. At the end, the parents expressed their satisfaction through their valuable feedback.
