ADMISSION CRITERIA

Prophet Mohammed (peace be upon him) said: “Gaining knowledge is obligatory for every Muslim man and woman”! So, EPS was set up with the sole objective of providing world-class education which benefits our students in Dunya and Akhirah. Admission is a carefully thought-through process at EPS. We do not cater to any specific section of society except in order to preserve our core-values. The final decision of admission will solely rest with the school management.

ADMISSION PROCESS

1. Parents receive, fill and submit the Admission Inquiry Form, with the child’s personal details.
2. The Admission Officer shares the complete fee structure and information regarding the offered programmes and responds to other queries.
3. After the initial scrutiny and consent by management, parents receive an Application/Registration Form and prospective syllabus to be assessed [on request] for the grade entrance.
4. Parents are asked to bring their ward to school for the Competency Level Assessment (CLA) on the scheduled date and time. For PYP grades the CLA is supervised by primary years teachers.
5. Assessment copies are reviewed by specialist teachers, Grade Level Coordinator and Programme Coordinator and finally by the management for approval.
6. The decision of allowing admission is based on the results and the parents’ commitment and attitude.
7. Status of the admission request is communicated to parents within a week.
8. Parents are requested to proceed with the submission of requisite documents and fees payment according to the fee structure of the year of entrance.
